

Maths

In maths this term we will be covering the following topics:

- Decimals; the addition, subtraction and multiplication of decimal numbers
- Negative numbers; their application and their uses
- Measurement; the volume of 3D shapes

English

Our text this term is the iconic and classic children's text of 'The Hobbit', by J.R.R Tolkien. We will be writing texts to inform and to entertain, applying all the skills that we have practiced this year.

Religious Education-

The title for our R.E topic this term is 'Salvation', where we will be studying what Jesus did to save human beings. We will naturally be looking at the crucifixion story, as well as building on, and making links to, the incarnation topic we studied earlier this year.

Woodpecker class - Term 6

Art and D&T

We have a jam-packed Art and DT schedule this term. We have our 'Roots and wings project' as well as studying the work of the famous French sculptor Rodin. In D.T, we will be making our own bread.

Music

In music this term, we will be learning to loop and use the keyboard on the GarageBand app; composing a GarageBand piece with multiple tracks.

50 Things

Learn how to sew on a button

Computing

Computing this term will be based around online questionnaires. We will learn how to prepare, create and analyse these and the impact they can have.

Science- Biology

Life cycles is the area of study this term, with the focus being on animal and plant reproduction. We will look at pollination and fertilisation, asexual and sexual reproduction, as well as the life cycles of different animals.

History

World War 2 is the area we will be studying this term. We will look at the major events of the war, who the Allies and the Axis were, and the impact the atomic bomb had.

Geography

Our learning this term will focus on ocean currents; what they are, what causes them and where they are located in the world.
